ANNUAL REPORT

of Municipal Officers

for the Fiscal Year
Ending December 31, 1981

Gorham, New Hampshire

University of New Hampshire
Library

1981 TOWN REPORT

This report has been compiled through the efforts of your local public officials and is intended to serve as a permanent record of events and transactions which have occurred during this past year 1981.

It is our hope that you will find this report to be informative as well as readable. Many hours of time and energy have been put towards the preparation of this report. I want to take this opportunity to extend my appreciation to Joyce Snitko and Marjorie Jodrie for their hard work and perseverance in preparing this report. I would also like to thank Lala Dinamore for her contribution of the photos which appear in this report.

Last, but not least, I would like to thank all the local Town officials who have provided the information which is contained within the covers of this report, for without their efforts there would be no report.

Daniel Ayer
Town Manager

1982 TOWN WARRANT

TOWN OF GORHAM

STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Gorham, in the County of Coos, in said State, qualified to vote in town affairs.

You are hereby notified to meet in the Municipal Hall on Tuesday, the ninth day of March, 1982, at nine o'clock in the forenoon to act upon the following articles by written ballots.

Polls will be open from 9:00 A.M. to 6:00 P.M. for balloting. The business meeting will be held at 7:30 P.M. to act upon the remaining articles at the Gorham Municipal Building.

Article 1. To elect one Selectman for a term of three years and to choose all other Town officers for the ensuing year(s). (on the Ballot)

Article 2. To see what sum the Town will vote to raise and appropriate for General Government.

Recommended by Selectmen: \$ 129,160 By Budget Committee: \$ 129,260

Article 3. To see what sum the Town will vote to raise and appropriate for Public Safety.

Recommended by Selectmen: \$ 230,053 By Budget Committee: \$ 230,053

Article 4. To see what sum the Town will vote to raise and appropriate for Highway, Streets, and Bridges.

Recommended by Selectmen: \$ 277,095 By Budget Committee: \$ 277,095

Article 5. To see what sum the Town will vote to raise and appropriate for Sanitation.

Recommended by Selectmen: \$ 78,925 By Budget Committee: \$ 78,925

Article 6. To see what sum the Town will vote to raise and appropriate for Health Purposes.

Recommended by Selectmen: \$ 45,335 By Budget Committee: \$ 45,335

Article 7. To see what sum the Town will vote to raise and appropriate for Welfare.

Recommended by Selectmen: \$25,000 By Budget Committee: \$ 25,000

Article 8. To see what sum the Town will vote to raise and appropriate for the Public Library.

Recommended by Lib. Trustee: \$ 25,724 By Budget Committee: \$ 25,724

Article 9. To see what sum the Town will vote to raise and appropriate for Parks and Recreation.

Recommended by Recreation Commission: \$ 37,334
By Budget Committee: \$ 37,334

Article 10. To see what sum the Town will vote to raise and appropriate for Patriotic Purposes.

Recommended by Selectmen: \$ 2,000 By Budget Committee: \$ 2,000

Article 11. To see what sum the Town will vote to raise and appropriate for Debt Service.

Recommended by Selectmen: \$ 337,593 By Budget Committee: \$ 337,593

Article 12. To see what sum the Town will vote to raise and appropriate for Municipal and District Court.

Recommended by Selectmen: \$ 17,112 By Budget Committee: \$ 17,112

Article 13. To see what sum the Town will vote to raise and appropriate for Water Department.

Recommended by Water & Sewer Commission: \$ 130,509
By Budget Committee: \$ 130,509

Article 14. To see what sum the Town will vote to raise and appropriate for the Sewer Department.

Recommended by Water & Sewer Commission: \$ 182,037
By Budget Committee: \$ 182,037

Article 15. To see what sum the Town will vote to raise and appropriate for Insurance, Retirement and other contributions.

Recommended by Selectmen: \$ 149,946 By Budget Committee: \$ 149,946

Article 16. To see if the Town will vote to raise and appropriate the sum of six thousand dollars (\$6,000) for a car to be used by the Nurse and authorize the withdrawal of amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972. (Article has been recommended by Budget Committee).

Article 17. To see if the Town will vote to raise and appropriate the sum of ten thousand, five hundred dollars (\$10,500) for a Police car and two-way radio and authorize the withdrawal of amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972. (Article has been recommended by Budget Committee).

Article 18. To see if the Town will vote to authorize the withdrawal from the Federal Revenue Sharing Fund for use as a setoff against the following debt service:

Purpose:	1973	water bonds	\$ 25,000
	1978	water well bonds	<u>7,500</u>
			\$ 32,500

(Article has been recommended by Budget Committee).

Article 19. To see if the Town will vote to raise and appropriate the sum of two thousand dollars (\$2,000) for the "Ambulance Replacement" Capital Reserve Fund as established at the 1981 Town Meeting. (Article approved by Budget Committee).

Article 20. To see if the Town will vote to raise and appropriate the sum of thirteen thousand dollars (\$13,000) for the purpose of an Insurance Reserve Fund as established at the Town Meeting of 1981. (Article is recommended by Budget Committee).

Article 21. To see if the Town of Gorham will vote to authorize the expenditure, from the Sewerage Fund accrued interest, a sum not to exceed one hundred and sixty thousand dollars (\$160,000) for the purpose of installing

approximately 3,000 feet of new water line from the entrance of the Ed Fenn School on Main Street to Glen Street on the northwest side of Main Street. This includes the elimination of the Alpine water system, the necessary lowering of the twelve inch water line on Main Street and moving hydrants as necessary along Main Street.

All reimbursements for pipe, trenching, and backfilling to be received from the State of New Hampshire shall be returned to this fund to offset expenditures for this project from said fund.

This expenditure of funds will be contingent upon confirmation from the State of New Hampshire Department of Public Works and Highways that work will proceed on the so called Main Street road project #2896, F-027-2 (18). (Article is approved by Budget Committee).

Article 22. To see if the Town will vote to disapprove the reconstruction of the Main Street of Gorham as provided for in project 2896, F-027-2 (18) and request the Commissioner of Public Works and Highways, and Governor and Council to defer entering into any contract for such reconstruction until the necessity and planning for such project, in its present form can be re-examined and further opportunity given to the general public to express its views as to the economic and social necessity for such expenditure of public funds. (This article was brought by petition).

Article 23. To see if the Town favors having the Town and School annual public meetings on the same night, one meeting following another. On even numbered years, the Town meeting would be first followed by the School meeting. The first of these meetings would start at 6:30 P.M. and to further direct the proper authorities to initiate this procedure starting with the 1983 annual Town and School public meetings. (This article was brought by petition).

Article 24. To see if the Town will vote to authorize the Selectmen to hire money on temporary notes in anticipation of taxes covering the period from March 9, 1982 to the annual meeting in 1982.

Article 25. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend money from the State, Federal, or another government unit or private source which becomes available during the year in accordance with the procedures set forth in R.S.A. 31:95-6.

Article 26. To see if the Town will vote to authorize the Selectmen to sell any property acquired by the Town through Tax Collector's deed; or to which the Town holds title by deed, not used for municipal purposes.

Article 27. To see if the Town will vote to authorize prepayment of resident taxes and to authorize the Tax Collector to accept prepayment as provided by R.S.A. 80:1-a.

Article 28. To see if the Town will vote to authorize the collector of taxes to accept payments in prepayment of taxes after April 1st in sums of not less than ten dollars or any sum divisible by ten dollars, as provided by R.S.A. 80-52-a.

Article 29. To hear reports of Town officers, agents, committees heretofore chosen, and to pass any votes relating thereto.

Article 30. To transact any other business that may legally come before this meeting.

Given under our hands and seals this twelfth day of February in the year of our Lord nineteen hundred and eighty two.

LORRAINE F. RACETTE
Assistant Director

October 19, 1981

Gentlemen:

Your Summary Inventory of Property Valuation and Statement of Appropriations have been approved. You may proceed with the assessment of 1981 taxes on the basis of the following figures.

Net Assessed Valuation \$27,439,565.00

Taxes Committed to Collector:

Town Property Taxes Assessed	\$1,786,315.00
Precinct Taxes Assessed	
Total Gross Property Taxes	<u>\$1,786,315.00</u>
Less: Est. War Service Tax Credits	<u>22,500.00</u>
Net Property Tax Commitment*	<u>\$1,763,815.00</u>

Tax Rate - Town 6.51
Precinct

* The amount of property tax commitment is subject to adjustment by reason of any increase or decrease in War Service Tax Credits which may result based on the above approved rate.

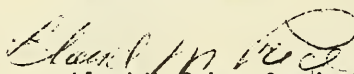

In the event any adjustment was made in the Appropriations Section, we have enclosed a copy of the changes. Revenues and Credits have been approved as shown on the enclosed copy of the third page of the Statement of Appropriation

The net amounts approved for school, county and precinct are indicated below. These amounts are the total monies which should be transferred to each of these units of government.

Net School Appropriations	\$1,401,772.00
County Tax Assessment	183,289.00
Net Precinct Appropriation (1)	

In arriving at the above approved rate the Overlay has been set in the amount of \$ 8,142.00

Very truly yours,

Lloyd M. Price, Commissioner

LMP:sf

Enclosure

(1) In case of more than one precinct, see attached sheet.

WATER POLLUTION CONTROL FACILITY

The Water Pollution Control Facility in the Town of Gorham is providing secondary treatment to the wastewater produced by the Town, utilizing the extended aeration, activated sludge process. The facility is designed on the basis of an average flow of 0.75 Million Gallons Per Day (MGD), with a peak flow of 2.50 MGD and is expected to meet the requirements of the Town through the year 2003.

This facility is part of the Clean Water Act of 1972, designed to clean up our Nation's waterways. The facility will treat the Communities' wastewater and produce a product that has little or no effect on the receiving waterway, the Androscoggin River. This will benefit users of the river by enabling them to expand their recreational use of the river and provide a usable water supply to communities and industries located downstream.

Facility Plan Studies were started in 1974 by Weston & Sampson Engineers of Boston, Mass. to develop a feasible solution to the Gorham Water Pollution Control program. This facilities plan study was completed in 1975 by Weston & Sampson Engineers as Step II of the Facilities Plan for the Town of Gorham, N.H. Step III or the Construction Phase of this program was engineered by Metcalf & Eddy Inc. of Boston, Mass. and has resulted in the construction of a pumping station in the so-called Cascade area and a Treatment Facility in the Town of Gorham near the Peabody and Androscoggin Rivers, at a cost of approximately 3.9 million dollars, of which approximately \$2,925,000 of the cost was borne by the Federal Government, \$780,000 was borne by the State of New Hampshire, and \$195,000 was borne by the Town of Gorham, N.H. In conjunction with the construction of the Treatment Facility a wastewater collection system was installed at a cost of approximately \$4,210,515.00, of which \$3,157,886.25 was borne by the Federal Government, \$842,103.00 was borne by the State of N.H. and \$210,525.75 was borne by the Town of Gorham. Along with these costs were engineering costs of approximately \$1,280,000 shared in the same proportions, \$960,000 by the Federal Government, \$256,000 by the State of N.H., and \$64,000.00 by the Town of Gorham, N.H.

The treatment facility provides for the removal, treatment and disposal of settleable and floating solids and dissolved organic materials. Scum and waste activated sludge are collected, aerobically digested, dewatered by the Belt Filter Press and trucked to a sanitary landfill for final disposal. Under normal operation the treatment process is expected to remove 90% of incoming loads of suspended solids (SS) and 5 day biochemical oxygen demand.

THE TREATMENT PROCESS

Raw wastewater from the collection system enters the plant at the preliminary treatment room. This wastewater passes through the coarse bar rack to remove large objects that could damage other equipment in the treatment process. The raw wastewater is lifted by screw pumps, flows through the comminutor where remaining solids are shredded, then passes through the detritor. Coarse mineral matter, known as grit, is allowed to settle out in the detritor while the organic matter remains in suspension and passes through the tank. The grit is pumped from the bottom of the tank to a cyclone degrittor. A screw classifier then transfers the washed grit to buckets. Final disposal is by burying. Following grit removal the wastewater flows to the aeration tanks where it is aerated and mixed with a population of micro-organisms known as mixed liquor suspended solids (MLSS). Centrifugal blowers in the basement of the operations building provides air for this process. As the wastewater passes through the aeration tanks the micro-organisms consume the organic material contained in the wastewater. The MLSS leave the aeration tank and flow to the final settling tank. At the settling tanks the velocity of the wastewater is slowed, allowing the MLSS to settle to the bottom of the tank and be returned to the aeration tanks as returned activated sludge. The clarified water now very low in SS and BOD_5 flows out of the clarifier. The water is disinfected with a solution of Sodium Hypochlorite prior to discharge to the Andros-coggin River.

The sludge handling system consists of aerobic digestion, chemical conditioning and solids dewatering. A portion of the return activated sludge is periodically wasted to the digester. Here the solids are aerated and digested using organisms quite similar to those found in the aeration tanks. The purpose of aerobic digestion is to obtain a sludge that is low in volatile content, inoffensive odors and readily dewaterable. Periodically sludge is pumped to the Belt Filter Press for dewatering. Here the sludge undergoes chemical conditioning with a liquid polymer solution. Following conditioning, the sludge is placed between screened belts, then passes through a series of rollers where pressure is applied to extract the water. The sludge cake is deposited in the truck by belt carrier and hauled to a sanitary land fill for burying.

SUMMARY INVENTORY OF VALUATION

TOWN OF GORHAM IN COOS COUNTY

CERTIFICATE

This is to certify that the information contained in this report was taken from official records and is correct to the best of our knowledge and belief. (RSA 41:15)

David W. Murphy Selectmen of Gorham, N.H.
James E. Smith
Osborn T. Poirer Date September 15 1981
 (Please sign in ink)

REPORTS REQUIRED AND PENALTY. RSA 41:15, as amended provides for certification of valuations, appropriations, estimated revenues and such other information as the Dept. of Revenue Administration may require upon blanks prescribed for that purpose. If the certifications are not made to the Dept. of Revenue Administration on or before October first, unless the time is extended by the Dept. of Revenue Administration, the town for which the selectmen act shall pay to the state for its use the sum of five dollars for each day's delay in making certification. (RSA 41:15a)

PROPERTY TAX WARRANT. RSA 76:11 as amended provides for delivery of the list (warrant) to the collector within thirty days of receipt of approval of the tax rate unless for good cause the time is extended by the Dept. of Revenue Administration. The collector shall within thirty days after receipt of the warrant from the selectmen send out the tax bills, unless for good cause the time is extended by the Dept. of Revenue Administration.

Return the completed Summary Inventory form, together with the Statement of Appropriations and Taxes Assessed, to the Dept. of Revenue Administration, P.O. Box 457, Concord, N.H. Do not compute taxes until approval of the rate is received.

PENALTY: FAILURE TO FILE BY OCTOBER 1, 1981 MAY RESULT IN \$5.00 PER DAY PENALTY FOR EACH DAY'S DELAY. (RSA 41:15-a)

NOTE: DO NOT FAIL TO COMPLETE INFORMATION ON PAGE 4 OF THIS REPORT.

I T E M	LAND (Line 1) — List all improved and unimproved land except Public Utility operating plant land which is to be included in items 4, 5, and 6 — List land under current use at its current use value. • BUILDINGS (Line 2) — List all buildings except Factory Buildings listed separately on line 3. Include house trailers assessed as real property on line 2 and those that are • assessed as personal property on line 9. The classification test is their mobility.		1981 VALUATION
1.	LAND — Improved and Unimproved (For current use - see instructions)		\$ 3,205,400
2.	BUILDINGS — Excluding items listed on lines 3, 4, 5, 6 and 9 below		17,460,200
3.	Factory Buildings		2,496,250
4.	PUBLIC WATER UTILITY (Privately owned water supply serving public) (RSA 72:11)		
5.	PUBLIC UTILITIES — Value of all property used in production, transmission and distribution including production machinery, land, land rights, easements, etc. Furnish breakdown by individual company in space provided on page 4. (RSA 72:8)	Gas

18.	NET VALUATION ON WHICH THE TAX RATE IS COMPUTED (line 10 minus 17)		\$ 27,439,565

Property Taxes

- 72:6 REAL ESTATE. All real estate, whether improved or unimproved, shall be taxed except as otherwise provided.
- 72:7 BUILDINGS, ETC. Buildings, mills, wharves, ferries, tollbridges, locks, etc.
- 72:11 PUBLIC WATER UTILITY. Value of real estate, buildings and structures of privately owned water companies. No separation between land, buildings or other structures required in this summary.
- 72:7-a HOUSE TRAILERS. A house trailer, travel trailer, or mobile home suitable for use for domestic, commercial or industrial purposes is taxable in the town in which it is located on April first in any year if it was brought into the state on or before April first and remains here after June fifteenth in any year; except that a travel trailer as determined by the Dept. of Revenue Administration, registered in this state for touring or pleasure and not remaining in any one town, city or unincorporated place for more than forty-five days, except for storage only, shall be exempt from taxation.

WATER & SEWER DEPARTMENT OPERATIONS BUILDING & GARAGE 1981

Commissioners
WALLACE W. CORRIGAN
CHESTER R. BISSETT
LEE F. CARROLL

Superintendent
CORSON S. LARY

Construction on this new Water & Sewer Operations building and garage was started in August 1980, the Contractor being B.I.M. Construction Inc. of Berlin, N.H. and completed in November of 1980.

After the Old Town Garage fell down from snow overload in the spring of 1979 the Water & Sewer Department was forced to move their materials that were being stored in this area to the New Town Garage where the Highway Department and the Water & Sewer Department was housed. By doing this, there was a very overcrowded condition in this building with the addition of equipment of both departments, and materials that both departments had stored in the old building having to be stored inside the Garage.

As the Sewerage Treatment Plant was being built at the same time, it was decided that the Water & Sewer Department should be located near the Treatment Plant so that the operations of both departments could more readily be combined and at the same time the office could be near the facilities to ease the overseeing of both operations and to have an office for collections for both water and sewer.

The building was put out for bid among the local contractors and B.I.M. construction was the low bidder. To keep the construction within the monies available, it was decided the Water Department would do the site work, the electrical, and plumbing within the building.

The total amount of money available for the building from the collapsed building was \$67,074.00. This gave us money enough to put up the building as the bid was \$64,472.58 the balance to be used for the purchase of materials for electrical and plumbing supplies. As the building progressed and the Contractors were done work, the walls inside were not finished, as we had some available money in the maintenance budget Materials for finishing the inside walls were purchased and the personnel of the Water Department installed them so that the insulation would not be punched accidentally. Enough materials were purchased so that the space over the office and workroom area could be floored and this area could be used for storage.

Hopefully, we have planned for the future at least until the year 2000 or beyond.

BUILDING DATA

Size **45 ft. x 100 ft.**

ROOF — Trussed wood 60# live load metal covered

BUILDING — Wood frame walls framed with 2" x 6"

SIDING — Two sides brick faced, Two sides V-Boards

FLOOR — Concrete w/reinforced steel 5" thick and 5" pitch

DOORS — 4 - 12 ft. x 12 ft. mechanical overhead

1 - Entrance to garage

1 - Entrance to office

HEAT — Electric in office, toilets, Ante Room, and work room.

No heat in Main Building

INSULATION — Main Building ceiling 12" insulation over sheet rock.

All walls 6" insulation including partition walls from
garage to office and shop, and 6" in ceiling over this
area.

FOUNDATION WALLS — 12" with shelves for bricking all around.

Frost wall insulation in all walls and under
floor in office area.

When To File: (R.S.A. 71-A:18)

1. For Towns reporting on a calendar year basis, this report must be filed on or before March 1st, 1982.
2. For Towns reporting on an optional fiscal year basis (FY ending June 30, 1982), this report must be filed on or before September 1st, 1982.

Where To File:

Municipal Services Division, Department of Revenue Administration
P.O. Box 457, Concord, New Hampshire 03301

GENERAL INSTRUCTIONS

Three copies of this report are sent to each town. Selectmen, treasurer, and tax collector are expected to cooperate in making out this report. When made out, one copy should be returned to the Department of Revenue Administration and one copy should be placed on file among the town records. The third copy is for use in preparing the annual printed report for the voters.

REPORT OF THE WATER AND SEWER COMMISSION

The year 1981 has been a year of learning in the Sewer Department, as well as new construction and repair in the Water Department.

The Sewerage Treatment Plant operation has gone along reasonably well for the first year of operation with normal small problems as might be expected with any new operation, however, no major problems have been encountered.

There has been a complete turnover of personnel in this department as was anticipated, as this is a fairly new field with mostly young people and operators are working for experience and then moving on to bigger job opportunities. We hope to stabilize this situation within the next two years.

During 1981 the Water Department installed approximately 400 feet of 6 inch and 4 inch water line on Main Street and Wentworth Street, moving a vulnerable hydrant to traffic around the corner onto Wentworth Street and repalcing a 1 inch service line on Wentworth Street with a 4 inch water line that services the Northern Peaks Motel and property along Wentworth Street.

A great deal of work was done in conjunction with the bridge and road project on lower Main Street, replacing part of the main line broken during construction and lowering water and sewer lines in this area, as well as bringing manholes to new elevations in this area.

A total of 216,064,000 gallons of water was supplied to the Town of Gorham this year, excluding the water received from the Gorham Hill Spring and the Alpine Spring system. Of this amount of water, 184,642,000 gallons was supplied from the Ice Gulch, Perkins Brook Compounds and 31,422,000 gallons was pumped from the newer Deep Well No. 2. The older and smaller Well No. 1 was kept for an emergency supply to keep electrical demands and building heating at a minimum.

Hopefully 1982 will bring fewer problems and both departments will be able to stabilize the work loads and find new ways to cut operational costs and at least hold prices in these inflationary times and with a little luck maybe even lower charges if possible.

Respectfully submitted,

Corson S. Lary, Sup't.

Wallace W. Corrigan
Chester R. Bissett
Lee F. Carroll

Water and Sewer Commission

REPORT OF TRUSTEES OF TRUST FUNDS

December 31, 1981

The annual report of the Trustees of Trust Funds is submitted in summary form on this and the following page(s). Detailed reports (Form MS-9) and Report of Common Trust Fund Investments (Form MS-10) have been filed with (1) the Municipal Services Division, Department of Revenue Administration, Concord, N. H. and (2) Office of the Attorney General, State of New Hampshire, Concord, N. H. All records will be audited by a CPA firm at a later date.

A change in the form of investments was made in June, 1981. Formerly all funds, except the Miles Mullen Catholic Cemetery Fund, were invested in individual savings accounts at the Gorham Savings Bank (now Home Co-operative Bank) and drew interest at 5%. In June the principal of each account was withdrawn and combined into Common Trust Funds, which were invested in 2½ year Certificates of Deposit at 12%. Interest earned on the cemetery perpetual care individual accounts to June 1, 1981 were withdrawn at the same time and paid either to the Town of Gorham, N. H. or the Holy Family Church for the care of lots in their cemeteries. In December, the interest earned in the Common Trust Funds for cemetery perpetual care for the last half of 1981 was paid to either the Town of Gorham or Holy Family Church. In the case of accounts with accumulated interest, the accumulated interest was left in the original savings account until such time as it is used. The School Library Fund was also invested in a 2½ year Certificate of Deposit. At present, \$8,000.00 of the Miles Mullen Fund is invested in 2½ year Certificate of Deposit maturing July 2, 1983 (at 12%) and the remaining \$2,000.00 is in U. S. Savings Bonds, which earned an average of 7% in 1981, and is paid semi-annually.

Four Common Trust Funds were established as follows:

- Common Trust Fund #1 - Town Cemeteries accounts
- Common Trust Fund #2 - Catholic Cemetery accounts
- Common Trust Fund #3 - Memorial Day Flower accounts
- Common Trust Fund #4 - Cemetery Special Repair accounts

GENERAL RESUME OF TRUST FUNDS

Principal:

Balance, January 1, 1981	\$ 71,841.12

The Board of Trustees and Library Staff would like to take this opportunity to thank all who donated to the library this past year.

A special thanks to Mary Jane Jordan for donation of hundreds of paper backs, to Catherine Bennett and Alma Sullivan for cash donations, and to Selectman David W. Murphy for hard bound books of New Hampshire.

A complete list of all library donors will be posted in the Town Hall lobby and the Public Library, as space is limited in this report.

DISTRICT NURSE

January 1, 1981 - December 31, 1981

Because the Gorham District Nursing Association is a small agency, the Public Health Nurse has an extended role which covers many areas. These areas include:

1. Public Health Nursing visits (with referral) for -

- a. Counseling and direction to other health/social agencies
- b. Liaison for State sponsored clinics
- c. Public Health management of communicable diseases
- d. Diet counseling
- e. Vital signs and medication monitoring
- f. Injections
- g. Dressing changes
- h. Irrigations and enemas
- i. Loan closet
- j. Newborn visits

Total number of visits done for such services	983
Total number of unduplicated cases	78

2. Administrator -

- a. General administrative duties
- b. Maintaining client's medical records
- c. Keeping physician informed of client's progress
- d. Assessing continuity of care

3. Clinic Coordinator -

a. Preschool Immunization Clinics	Total given	86
b. Preschool Dental Clinics	Total seen	143
c. Preschool Vision & Hearing Screening	Total seen	75
d. Adult Health Screening	Total seen	31

4. Associate to -

a. Coos County Family Health Services	Total seen (Gor.)	45
	" " (Ran.)	2
b. N.H. Pediatric Cardiac Clinic	Total seen	5
c. N.H. Handicapped Children's Clinic	Total seen	12
d. N.H. Pediatric Diagnostic Clinic	Total seen	1

In October, the agency expanded into another area of service, the Homemaker/ Shopping Assistance Program. Report of said service herein.

Once again, I wish to extend my sincere gratitude to all volunteers who have helped during the year. Your dependability and devotion is greatly appreciated.

Respectfully submitted,
Denise J. Demers, R.N.
Town Nurse

TOWN REPORT

HOMEMAKER/SHOPPING ASSISTANCE PROGRAM

This is a new program to the Town of Gorham conceived in October 13, 1981.

The objectives of this program are threefold: firstly, to assist individuals in need with household tasks, activities of daily living, socialization, and transportation; secondly, the program aims to decrease and/or minimize hospitalization stays for all people of Gorham, thus decreasing cost to the taxpayers and town; thirdly, is to allow the elderly to remain at home as an alternative to being institutionalized.

These services are provided by certified nurses' aides under the supervision of a registered nurse.

In the program's three months of existence, we have serviced eleven people for a total of 183 visits. Our fee is based on an individual's ability to pay, donations, and memorial contributions.

Respectfully submitted,
Rosemary L. Perrin, R.N.

To the Members of the
Board of Selectmen
Town of Gorham
Gorham, New Hampshire

We have examined the combined financial statements and the combining, individual fund and account group financial statements of the Town of Gorham, New Hampshire, as of and for the year ended December 31, 1980, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset group of accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset group of accounts results in an incomplete presentation as explained in the above paragraph, the combined financial statements and the combining, individual fund and account group financial statements referred to above, present fairly the financial position of the Town of Gorham, New Hampshire at December 31, 1980, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining, individual fund and account group financial statements. The accompanying financial information listed as supporting schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Gorham, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined, combining, individual fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

TOWN MANAGER'S REPORT

The passage of another year causes one to stop and reflect upon what has taken place in Gorham during 1981. My first thoughts were that this past year was not very eventful, however a review of the facts would indicate that this is not true, much was accomplished, and I would like to take the next several minutes to share some of the highlights of 1981 with you.

1. We worked on and completed an industrial park feasibility study for the land in back of Silver Brothers. This project was sponsored by the Gorham Development Corporation done by North Country Council in cooperation with the Canadian National Railway. The plan is now completed and negotiations are underway for the development of this property. It is our hope that wise development of this property will create and expand our tax base and bring more jobs to town.

2. Disposed of surplus property on Railroad Street, First Avenue, and the old town barn lot. The sale of this property created some income for the town and added taxable property to the tax roles.

3. The Town Meeting of 1981 authorized and established a reserve fund for self insurance purposed. We now self insure workers compensation, unemployment compensation, and collision on some vehicles. This comprehensive insurance review and adjustment saved the town \$13,000 in 1981.

4. Developed a comprehensive cemetery policy which provides for perpetual care of the lots and increased fees so that the cemetery is now a self-sustaining operation.

5. Undertook energy savings project at the Town Hall. New windows and doors were installed. Improvements were made to hallways, Court room, and Selectmen's office.

6. Purchased portable radios for fire and ambulance departments which has greatly increased emergency communications. These radios came in handy during the recent flooding of Bangor and Bell Streets.

7. Many highway improvements were made during this past year.

8. Reorganized ambulance service and adjusted rates in order to make ambulance service self-sustaining.

9. Created a local Home Health Agency to be run by the Gorham District Nurse. This program will keep the elderly at home longer and provide better service to our local people.

10. Combined office of Town Clerk and Tax Collector.

11. New garbage truck and packer was purchased this past year. Larger capacity (25 yds) and diesel engine will make this vehicle more efficient and economical to run.

12. Established a capital reserve fund for ambulance replacement.

13. Completed and published a community attitude survey which has been a great help in better understanding and meeting your needs.

14. Helped promote many events on the Commons such as 4th of July, Memorial Day, Chamber of Commerce Circus, Moxie Alley Day, etc.

15. Adopted National Flood Insurance Program along with subdivision regulations and by-laws in order to keep Gorham residents eligible for program, and others to get coverage when wanted or needed.

The town had a good financial year. We ended the year with a \$151,898 surplus which is a positive change in our financial condition of \$45,287.66. The total town tax rate did increase this past year from 5.39 per \$100 of valuation to 6.51 per \$100. However, it should be noted at this point that the town portion of the tax rate is still less than it was in 1979.

It has been our goal the past several years to keep the town portion of the tax rate under the 1979 level. If the 1982 budget as proposed by myself and the Selectmen is passed we will be able to keep the town portion of the estimated tax rate at 2.25 per \$100 valuation. This is a .70¢ drop from the 1981 rate, and well below the 1979 rate of 2.37.

It is also interesting to note that the municipal portion of the tax rate is 35.7% down from a high of 39.6% in 1979. The school portion of the rate is 56.5% up from 54.6% in 1979, and the county portion of the rate is 7.8% up from 5.6% in 1979.

It seems to be human nature to consider continued excellence as commonplace. With this thought in mind, I want to take this opportunity to publicly thank all town officials and employees for a job well done in 1981. It is a spirit of dedication, concern, and cooperation which characterizes the performance of your duties.

I am fully aware that one cannot please all the people all the time and still perform the necessary functions within town government. However, I do want to thank you, the citizens of Gorham for the cooperation and understanding which you have shown me in the past and I solicit your cooperation in the future in order to make Gorham a better place to live, to work, and to play.

Respectfully,

Daniel C. Ayer, Town Manager

SECOND ANNUAL REPORT OF BOARD OF SELECTMEN

During 1981 the Town purchased the following equipment: a new garbage truck and packer; Water & Sewer got a new back-hoe; and a used ambulance was acquired from the Town of Whitefield. The garbage packer is larger than our present one and therefore more efficient. Reduced fuel consumption, overtime, and fewer trips to Berlin landfill resulted in cost savings. The old vehicle will be used as a back up unit.

Items of interest that occurred in 1981 in Gorham:

1. Town Meeting action brought us the Flood Insurance Program.
2. Energy saving money was spent on the municipal building with new storm windows, three outside doors as well as improvements throughout the building.
3. Joint effort with Gorham Development Corporation to bring business in on CNR Industrial Park adjoining Silver Brothers property.
4. It was a pleasure to present the Boston Post Cane to Mrs. Annie "Kate" Holmes as the oldest Gorham resident.
5. Our auxiliary policemen completed courses qualifying them as part-time police officers and received certificates from the Selectmen.
6. Mutual aid agreements were signed with Town of Shelburne and the National Forest Service for police protection by the Police Department.
7. A part-time ambulance director was appointed as well as our rates were raised to make the operation more self sufficient.
8. The Health Officer was given the added duty of Fire Alarm Inspector to enforce R.S.A. 153:10 "Fire Alarms In New & Remodeled Places".
9. After careful study the decision was made to pay Randolph in lieu of taxes on our wild land there.
10. Railroad crossing improvements were made on Route 16 this summer through the State and contracted to do work at Church St., Glen St., Lancaster Road, and Bellevue Place next year.

Cemetery rules were drawn up that would make that operation self sufficient, provides for future maintenance and sets a policy for burial in the winter. These rules do not prevent people from doing minor work on lots that they have an interest in.

The old town garage lot on Jewell Street and a narrow strip of land on First Avenue owned by the town were advertised and sold; all surplus land on the northerly side of Railroad Street has been sold to the abutters. We also had an auction of surplus property which was held at the town garage.

A successful July 4th celebration complete with parade and fireworks was held. Also, in July, the area Chamber of Commerce held a circus on the Common. The water fountain, reportedly given to the town by the late Harry K. Thaw, was in operation all summer.

A survey, made after dark, of the street lighting resulted in a decision to remove 140 street lights during the next three years; 28 of these were removed in 1981 and has resulted in a savings to the town.

Both sections of Hitchcock Street, a portion of Androscoggin Street, Pisani Street, Ray Street north of Gill Street, the sidewalk and swale on Cascade Flats have all been repaved. As a joint project with the City of Berlin, Cascade Street and the bridge were repaved and new drainage was installed. Drainage was also installed on Evans, School, and Frazer Streets.

The Bell Street Underpass was filled in this last summer. This was done despite protests to the Canadian National Railways and the New Hampshire Public Utilities Commission. This is unfortunate because it was an access for light vehicles and foot traffic to the Bell - Washington Street area and an escape for flood waters. The plans or layout of the railroad in this area were unavailable.

The fifty year old Peabody River Bridge has been removed and a new one is presently under construction. Plans are under way to reconstruct Main Street from the Shelburne - Gorham line to the Moose River Bridge in the Upper Village. The section of this road east of Church Street and particularly that part of Main Street located in this business section is badly in need of reconstruction. The part from Church Street to Moose River has stood up well when you consider that 40 years have passed since it was reconstructed. We will work to see that the town won't be disrupted too much during the construction and that lasting benefits will result. This State of New Hampshire project will bring to an end the Alpine Aquaduct System which has been in operation since 1874 and was Gorham's only public water system up to 1905 and now has just a few customers.

In October the Town, under the supervision of the District Nurse, took over operation of the Home Health Care program. This gives more flexibility in allocating these services where they are needed most. An application has been made for a grant from the Council on Aging to help finance this project.

We have supported Robert Shaw's hydroelectric project located in the Town of Dummer, also expansion projects planned by the Wildcat Ski area in Pinkham's Grant. The bottle bill that was brought before the 1981 session of the legislature, which we opposed, because of the undue strain it would put on our solid waste facilities. We were quick to support Route 115 improvements and feel that this is a very important project to the North Country. A meeting was held in November with other municipalities to discuss the new legislation on solid waste. It is doubtful that another layer of government or "body politic" is needed to handle this situation.

This has been a slow year for building. The town's first condominiums are now under construction. Two houses, three or four garages, 11 major renovations, one church, and four business renovations are either finished or under construction. One of the businesses has been so successful as to raise the need for an ordinance to limit parking in their vicinity. The new businesses, new owners of old businesses, and the businesses completing renovations have been called on - a few may have been missed - however, to all of them, best wishes.

Complaints can be handled through the Town Manager who is available at the Town Hall every business day, however, if one feels that it is necessary to see the Selectmen feel free to do so but please call the town office prior to noon Friday, before the Monday you wish to see the Selectmen. This requirement was a vote by the Selectmen and saves both the person bringing the complaint and the Selectmen's time. It gives a chance for the problem to be properly researched. Any matter that come under separate boards, i.e. Fire Department, Library, Recreation Department, and Water & Sewer Department should be taken up with them.

Little snow fell during the 1980 - 1981 winter keeping our snow removal expenses to a minimum. Despite the snow in the 1981-1982, winter expenses have been held down allowing us to close the year with a small operating surplus.

Let's hope that State & Federal levels of government won't cut too heavily into our revenues that we receive from them and that they won't pass on too many expenses to us so that people can still afford to own their own home.

In conclusion, let us all continue to make Gorham a "Good Place to Live".

Respectfully submitted for the Board of Selectmen,

David W. Murphy, Chairman

GORHAM POLICE DEPARTMENT REPORT

1981

The year 1981 has brought about some surprising changes in the operational methodology of the Police Department. Reference is made to the statistical data sheet, on the opposite page. Comparison of statistics indicates a trend away from enforcement activities and more towards the providing of services (Ex. Aide rendered - up 51%; Assists to Amb/Fire - up 265%; Doors & Windows - up 360%; Summonses - down 12%; Warnings - down 14%).

The police department has taken steps to reduce costs during the past year. (Ex. Reduction of 1000 miles/month on cruiser work; increase foot patrols; and retention of the 1979 Buick for a third year.

Additional activities within the town have caused a marked increase in man hours expended. (Ex. Band Concerts; various activities on the Town Common, Etc.) A Law Enforcement Agreement was signed with the U.S. Forest Service for patrol of Barnes Field at the Dolly Copp Campground Area. This agreement did not detract from our patrols in the Town proper, as our scope of responsibility includes the Pinkham "B" Road, of which 85% is within the Town of Gorham. The above activities and the Law Enforcement Agreement were accomplished with no additional costs to the taxpayers as the man hours expended and mileage traveled were reimbursed by various program sponsors.

The officers of the department have become more involved in Community activities such as participating, coaching and officiating various athletic activities, sponsoring of the BMX Moto-Cross, various safety programs at the Edward Fenn School and the Gorham Police Department Annual Ride-a-Long Program.

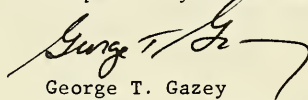

With the passage of the new shoplifting laws, several seminars were held with Gorham Buisnessmen relating to those laws. All Gorham Auxiliary Officers are now certified Officers through the New Hampshire Standards and Training Council. Officers of Randolph, Shelburne, Milan, Errol, and Berlin were also trained by this department. Officers of this department also taught courses, in Concord, in various aspects of Criminal Investigations.

A Mutual Aide Agreement was signed with the Town of Shelburne with plans to obtain similar agreements with Randolph and Berlin during the coming year.

The Police Department is sponsoring a Law Enforcement Explorer Post, which is affiliated with the Boy Scouts of America. Its purpose is to familiarize youths, between the ages of 14 and 21, with various aspects of law enforcement and the judicial system. Training classes will be offered to these youths, to promote a better police/community relations.

I would like to take this opportunity to thank the Town of Gorham and the Officers of the Gorham Police Department for their efforts in 1981 and hope the continued co-operation received will enhance the growth and betterment of the Community.

Respectfully Submitted,

George T. Gazey
Chief of Police
Gorham Police Department

TOTAL INCIDENTS HANDLED FOR 1980 - 4451 FOR 1981 - 4560

(The total figure does not include traffic details; house checks; and school crossings)

GORHAM AMBULANCE REPORT

The Gorham Ambulance Service has been serving your community for the past eight years. This year we have helped raise money for scholarships. We have had a bloodmobile drive for the Red Cross, and have tried to be more involved with our own community.

During the year 1981 the crew answered 128 calls, and 18 transfers for a total of 146 calls.

We have new rates as of January 1, 1982:

District Residents	\$40.00 plus \$2.00 per loaded mile
Non-Residents	\$50.00 plus \$2.00 per loaded mile
Oxygen Charge	\$5.00 when used on any call

We welcome the new members to our Ambulance Service and want to thank Marc Duquette and Beverly Howard for holding us together during some of our trying times.

Thank you to the ambulance crew for being strong and standing firm in believing in this great service.

Respectfully submitted,

Maurice Boisselle
Director

NORTH COUNTRY COUNCIL, INC.

At the request of the Town and Gorham Development Corporation, the North Country Council prepared a rail park plan for CNR land in town; also provided information and assistance on the federal flood insurance program and discussed a recreation plan for Buck Island. Held a solid waste informational meeting in Town.

The past year was a busy one for the Council in terms of providing a variety of information and technical assistance to the towns in our region. For nine months, the Council had an active Business Development Program with a staff member contacting industries in southern New Hampshire and northeastern Massachusetts to discuss the characteristics and advantages of the region's growth centers and labor force. As a result, several companies expressed serious interest in locating their industries in the North Country. The Council was also very active in other aspects of economic development including initiation of an industrial park study in Lancaster and providing assistance to the Littleton Industrial Development Corporation in expanding their Park. An application was prepared and submitted to the Economic Development Administration for a \$600,000 Revolving Loan Fund to help finance the location of industries in growth center communities.

The mainstay of our assistance to towns has been community planning. The Council staff met throughout the year with planning boards, boards of adjustment, and master plan committees to discuss solutions to local community issues - such as zoning, subdivision review, sign, parking and mobile home regulations, recreation, and more. The Council organized a seminar for Coos County towns on the subdivision review process in April. After the amendment of the subdivision law during the recent legislative session, we sponsored three subregional seminars on the new procedure for subdivision review. Fact sheets on both the new mobile home law and the new subdivision law were prepared and sent to the planning boards and selectmen.

In the area of solid waste, the Council continues to provide assistance to numerous communities by helping them find cost-effective solutions to the solid waste problem, such as sanitary landfill, incineration, and resource recovery. The Council has also worked with legislators to draft appropriate amendments to the recently-passed solid waste law. In the area of transportation, the Council has continued to encourage the state to improve regional highways. The Council has worked in support of commuter air service to both the Berlin Airport and the Whitefield Regional Airport. The Council worked with the Railroad Division of the DPW&H to encourage the retention and improvement of rail service on the state-owned lines in our region and also to improve other important lines such as the Conway Branch line.

In the area of community development, the Council prepared four applications for community development assistance in 1981 with one, the development of a water supply for Whitefield, receiving full funding from HUD. The Council has been keeping up on the proposed regulations to the Small Cities Community Development Program so that communities in the North Country may benefit from the grant monies as they become available through this program.

In the area of housing the Council has initiated a survey to determine the potential for rehabilitating of existing units in towns as an alternative to the traditional approach of building new housing units. There appears to be general support from the area selectmen for this type of moderately-priced housing project. Energy continues to be a very important project of the Council with NCC acting as a coordinator and clearinghouse for energy conservation and planning information.

During this past session, State Legislators requested our comments on certain bills such as the proposed enterprise zone and the amendments to the Industrial Development Authority legislation. NCC continues to be active in such groups as the National Association of Regional Councils, the NH Environmental Law Clinic, and New Hampshire Regional Planning Commissions, in order to bring valuable information and services to our communities.

The Council is a very cost-effective local organization, as was shown by a recent survey which showed that for every dollar that was appropriated by towns in 1980, almost six dollars in services were provided by the Council. As in the past, the Council's major emphasis will continue to be technical assistance and information on municipal planning and development for local governments, especially selectmen, planning boards, and other related groups. The Council staff is always available to meet with local officials to discuss projects and needs of the towns and ways in which NCC can provide assistance.

On behalf of the Council and its Board of Directors, we want to thank you for your support during the past year and hope that the Town will continue to use the services of NCC during 1982. Please feel free to contact either one of us or the Council staff in Franconia at 823-8108 or 823-5566.

Respectfully submitted,

Warren Tucker
Daniel Ayer
NCC Representatives

REPORT OF TOURIST INFORMATION BOOTH

To the Town of Gorham, N.H.

We hereby submit our report of the Gorham Information Booth for the 1981 operating season. The Booth, which is financed by the Town of Gorham, New Hampshire, is located on Memorial Park grounds on Main Street.

We opened the season May 22, 1981 and closed October 13, 1981. Booth hours were 9:30 A.M. to 5:30 P.M.

There was an increase of 623 cars and 2,001 people. The comparison figures for the business of 1980 and 1981 are given below:

<u>CARS</u>	<u>UNITED STATES</u>	<u>CANADA</u>	<u>FOREIGN</u>	<u>TOTAL</u>
1980	8,737	2,100	288	11,125
1981	<u>9,406</u>	<u>1,985</u>	<u>357</u>	<u>11,748</u>
1981 Increase	+ 669	- 115	+ 69	+ 623

<u>PEOPLE</u>				
1980	22,706	6,492	690	29,888
1981	<u>24,707</u>	<u>6,083</u>	<u>1,099</u>	<u>31,889</u>
1981 Increase	+ 2,001	- 409	+ 409	+ 2,001

All fifty States and District of Columbia, ten Canadian provinces and forty eight foreign countries were represented as follows:

<u>STATES</u>	<u>CARS</u>	<u>PEOPLE</u>	<u>STATES</u>	<u>CARS</u>	<u>PEOPLE</u>
Alabama	21	43	Nebraska	17	41

TOWN OF GORHAM

RULES AND REGULATIONS FOR CEMETERIES

Schedule of Rates and Charges

Section 1. Price of lots: The price of all lots sold shall include perpetual care and are as follows:

1 grave lot	\$100	4 grave lot	\$400
2 grave lot	\$200	5 grave lot	\$500
3 grave lot	\$300	6 grave lot	\$600

Section 2. Perpetual Care: The portion of the purchase price which goes for perpetual care and amount that lot owners without perpetual care would have to pay to receive care is as follows:

1 grave lot	\$ 50	4 grave lot	\$200
2 grave lot	\$100	5 grave lot	\$250
3 grave lot	\$150	6 grave lot	\$300

Section 3. Interment: Interment services including opening and closing of grave shall be as follows:

Adult	\$ 100
Infant	\$ 25
Cremation	\$ 25
Saturdays, Sundays & Holidays ...	\$ 25 extra

Late funerals (arrival after 3:00 P.M.) will be an additional charge of \$10.00 per hour until grave is closed.

Section 4. Disinterment: Disinterment service including opening and closing shall be as follows:

Adult	\$ 125
Infant	\$ 75
Cremated remains	\$ 35
Removal of old vault	\$ 20 extra

Section 5. All Other Work: All other work shall be charged as follows:

All Other Work will be cost plus 10%. Installment plan may be arranged at discretion of Town Manager.

Conditions - Limitations and Rights

Section 7. Condition of Sale: Owners of burial lots acquire simply the right and privilege of burial of the dead, subject to the conditions, rules, and regulations now in force, or which may be enacted hereafter.

Section 8. Residency: Lots shall be sold only to residents and former residents of Gorham.

Section 9. Perpetual Care Required: All lots hereafter sold in the cemetery shall be provided with perpetual care services. The expense of such is included in price of lot at time of sale.

Section 10. Purchase of Perpetual Care: Owners of lots sold without perpetual care may secure the benefits of perpetual care by paying to the Trustees of Trust Funds a sum pursuant to the schedule as adopted by the Board of Selectmen.

Section 11. Perpetual Care to Include: Perpetual care shall include watering and mowing of lots and graves, seeding, filling in sunken graves to lot level, and other maintenance meaning and intending the general preservation of lots, grounds, walks, roadways, boundries and structures, to the ends of said grounds shall remain and be reasonably cared for as cemetery grounds forever.

Section 12. The Town will take reasonable precaution to protect lot owners within the cemetery from loss or damage but it disclaims any and all responsibility for loss or damage from causes beyond it's reasonable control, and especially from damage caused by the elements, acts of God, or vandals.

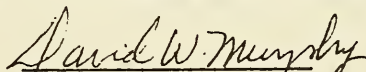

Section 13. Work to be Done by Town: All cutting and removal of trees and shrubs, all openings and closing of lots, and all interments, disinterments and removals shall be made by the Town.

Section 14. Use of Vault in Winter: The Town reserves the right not to make burials from December 1 to May 1. In such cases the remains shall be placed in the vault at the Evans Cemetery for burial after May 1st. The Board of Selectmen, at their discretion, may waive this requirement if the grave is accessible and the family or estate of the deceased is willing to pay all costs associated with said interment.

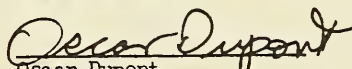

Section 15. Disinterments and Removals: No disinterment of a body, once properly interred, shall be made except in accordance with State Law.

Section 16. Endowments for Special Care: Endowments for special care of lots by the Town may be set up with the approval of the Selectmen and Trustees of Trust Funds and they shall determine the charge for such service.

The above rules and regulations were adopted by the Gorham Board of Selectmen on June 15th, 1981.
